## To Construct the Block

Make a Template D from see through template plastic. Using Template D, cut 36 triangles from the 23/4 yard of border print.

Place the Template as illustrated to the right.

Sew a 11/8" x 15/8" rectangle of fabric 7 to the 13/4" center square of fabric 1. Rotate the fabric 1 & 7 unit 90° clockwise (1/4 turn) and sew a 11/8" x 23/4" fabric 7 rectangle to the top edge.

Continue turning and sewing fabric numbers in sequence to the center of the unit as illustrated above.

Make a total of 36

Sew a 43/4" fabric 12 triangle to the corner of each of the blocks.

Make a total of 36 Blocks

Sew blocks into rows and then sew rows into quilt.

### 1st Border

Carefully cut (4) 2" x 75" strips where indicated below. Fold each strip in half (see cover photo for center design) dividing the border into 2 mirror-image sections. Press on fold.

### 2nd Border

Sew (2) 3½" wide strips of fabric 5 together end to end. Cut to measure 80" long. Fold in half and press on fold.

### 3rd Border

Carefully cut (4) 6" x length of fabric strips where indicated below. Fold each strip in half (see cover photo for the center of the design) dividing the border into 2 mirror-image sections.

Open the folds and sew 3 borders together, matching fold lines.

Border Units  
Make 4

Fold the quilt in half and measure. It should measure 29¾". If your measurement is different, use your measurements for the following steps.

Fold the border unit in half on the fold line. The design motifs should be precisely matched. Measure over 29¾" from the center fold and place a dot at the point and ¼" up from the edge of the border.

Lay a ruler, with the 45° marking along the top of the border and the edge of the ruler through the center of the dot. Cut.

Match the center of the border to the center of your quilt. Pin the border to the quilt. Sew the border to the quilt (do not sew through the seam allowance).

Sew miters last, carefully matching design motifs. Sew to dot (do not sew through seam allowances). See cover photo for illustration of completed borders.
